

# LEADERSHIP SKILLS CATALOG

Leadership is the art of motivating a group of people to act towards achieving a common goal. Employees that have a good relationship with their supervisor or manager enjoy their job more and typically stay with the company longer. Effective leadership translates to employee retention, increased efficiency and reduced downtime and money saved.

Valor Manufacturing Training offers Supervisory and Leadership Training to improve your team's operational leadership skills and help you recognize and grow your company's employees of today into leaders of tomorrow.

**Effective Leadership Training ensures the future sustainability of your company by teaching your employees of today to be the leaders of tomorrow.**

Our intuitive learning management system portal makes it easy to assign, complete and track employee training from anywhere in your facility on any desktop or mobile device. Training records are stored remotely on our cloud server and are accessible from anywhere with an internet connection.

**Training modules can also be converted to any language your organization may need to help ensure learner comprehension!**

**Train your leaders in the following courses today!**

- Communicating with Others
- Dealing with Conflict
- Critical Thinking
- Customer Service
